2016, let’s give all the chances of success to the children of Africa.

The 2016 Grand Gala of the Foundation in Abidjan.
Dear Friends Donors,

We can never thank you enough for your generosity and your support to Children of Africa Foundation. Without your help, the humanitarian projects that we carry out well, would have never been achieved.

During the year 2015, we have once again succeeded in bringing back smile to thousands of children. We have refurnished schools, built new multimedia rooms and given access to reading to many children. On the other hand, the Christmas tree organized at the Presidential Palace was also a real success, as well as all the Christmas trees extended across the country.

Meanwhile, we were also able to consult and identify people in need, during the tours of our health caravans. The past year also marked the progress of the construction and Equipment works of the Mother-Child Hospital of Bingerville. We are looking forward to making it operational, to accommodate mothers and their children.

With your support, Children of Africa Foundation will continue to inspire children and relieve families. During the next Gala, scheduled for March 2016, we will be happy to introduce our new project, which is so dear to our heart. Until then, I know I can count on your contribution to offer «Another future for the children of Africa.»

Dominique OUATTARA

THE CHILDRENS’ HUT TAKES ON COLORS

The Hut of Children is the reception center of Children Of Africa Foundation, which since 1998 totally care for almost 60 orphan children, abused or living in the street.

During the year 2015, carpentry, plumbing and tiling works for children’s dormitories and bathrooms, have been made. Exterior paintings of all buildings and fences have been restored.

A Multidisciplinary Team Monitoring the Children of the Hut

It’s a team of 8 persons that monitors our dear children at the Hut. Some supervisors began as volunteers and have become since then, educators. Their experience and expertise have made our center, a benchmark of quality in orphan children’s supervision.

The team has been strengthened in 2013 by nuns of the congregation «Our Lady of Peace,» which provides a spiritual additional dimension to education and pedagogy.

Excellence Awards to the Children

As usual, at the end of the school year, is held an end-year party to congratulate and reward the children of the Hut for all their efforts, and encourage them to do better the next year.

Thus 9 pupils of sixth grade, have been congratulated, and received presents for their success to the the CEPE examination. Many children were top of their classes. Our brilliant student of third form of secondary school passed his BEPC exam, and enters eleventh grade scientific option, just like our student of twelfth grade passes in Terminal D.

Some of the children had never attended school before entering the Hut. Today they have caught up and are among our best students.

The Boarders on the Top Set of the Podium

Sport contributes to the balance development of the young residents of the Hut, and teaches them discipline, respect for others and insurance, necessary for a perfect development. Officially registered in the Nanbudo Federation of Côte d’Ivoire, the club of the Hut has participated on May 16th 2015, to the 2nd Edition of the National Nanbudo Cup in the “Palais des Sports” of Treichville. During this competition, children’s Hut, won the Best Team Trophy. In addition, two (2) girls of the Hut have represented the Côte d’Ivoire in their category at the African Nanbudo Cup in Yaoundé (Cameroon), which took place on August 19-24, 2015. They won alone, six silver medals, as well as the congratulations of the Jury.

Sénégal
SAMU SOCIAL
Accompanying the SAMU SOCIAL of SENEGAL to reintegrate street children

Urbanization weakens traditional mechanisms of social cohesion. The consequence for the fragile is expressed through exclusion, especially children. These children are victims who are outside the gaze of others but also outside the institutions, having lost community life codes: loss of family ties, societal ties, the loss of the time code, giving way only to survival requirements. This is not irreversible. The Samu Social by its doctrine and methods acts against this phenomenon.
Open your heart to the children of Africa. Do not forget them!

Thanks to your generosity, we can provide a better life to thousands of African children. Let’s make Christmas this year for them a real Christmas!
