The Bouake rehabilitation center for minors
Helps child victims of trafficking, exploitation and the worst forms of child labor and those in conflict with the law to resocialize

A modern center which is operational with efficient social services and qualified personnel

The rehabilitation center for minors is jointly managed by the Ministry of Justice and Human Rights and the Foundation.

THE BOUAKE CENTER HAS :

- Social services that provide individualized care to children in terms of psycho-education treatment and health care;
- Teams of psychologists, specialized educators, social workers and health personnel;
- Services with separate dormitories for boys and girls, multi-purpose buildings for learning and recreation;
- Buildings for the including a dining hall, an infirmary and offices for the staff.

The center has a strategic location

The city of Bouake was selected to establish the center because :

- It is Located in the center of the country, and the city is a large urban center confronted with the needs of resocialization assistance for children in distress. This also meets the need to decentralized the city of Abidjan

Rehabilitation center for minors in Bouake

Resocializing children in conflict with the law

How does the Bouake center respond to the local situation?

Located in the heart of Côte d'Ivoire, Bouake is a major regional crossroads of the sub-region served by the railway that links Abidjan to Niger.

What are the specific actions on the field?

- On the mental level, children are provided with psychological care by psychologists and social workers;
- At the health level, children received adequate health care;
- At the education level, the center helps bring drop out students back to school;
- At the professional level, the center offers vocational activities such as carpentry, hairdressing, sewing and handicrafts.
- The centre organises collective sports to teach children how to socialize.
